Dear Friedman

Thank you so very much
for your kind letter of congratulation -
I feel I am a very lucky man with a
wonderful gang working for me I wish
they could all share in the reward.
That they should value our services so
highly I am very proud but I had

no warning so it was a bit of a
 shock to be overwhelmed with congratulations
 by my staff on my arrival in the
 morning -

We have been having a very
 strenuous but very gratifying time
 this last month & I do believe that we
 can now see the end of the war
 against Germany

My kindest regards & best wishes to you both

Yours sincerely,
