Dr. Elmer W. Engstrom
Vice President
Radio Corporation of America
Director, Princeton RCA Laboratories
Princeton, New Jersey

Dear Dr. Engstrom:

It was with considerable regret that I learned that illness prevents your coming to Washington to participate in the first meeting of this Agency's Scientific Advisory Board on 4-5 February. I understand, however, that on the occasion of your next visit to Washington you will get in touch with me, to discuss the matter of your becoming a member of the Board, or, if that is not practicable, a member of one of its panels.

Sincerely,

J. M. WENGER
Rear Admiral, US Navy
Vice Director
