Dear Larry:

Among our TICOM documents there is a photostat copy of one that I would very much like to have in its original form to add to my personal library collection. The title etc. is given herewith in the hope that you might be able to dig up a copy of the original for me:

Rohrbach, Hans. "Mathematische und maschinelle Methoden beim Chiffrieren und Dechiffrieren."  
Published in *FIAT REVIEW OF GERMAN SCIENCE* 1939-1946, pages 233-257 of Part I, Applied Mathematics.

At the bottom of the title page on our photostat copy there appears the following legends:

Published by  
Office of Military Government for Germany  
Field Information Agencies Technical  
British French U.S.  
Printed under the supervision of  
DIETERICH'SCHE VERLAGSBUCHHANDLUNG  
Inhaber W. Klemm Wiesbaden, Germany  
1948

I hope you and the family are well settled by this time and are happy in the new environment.

With best regards, I am,

Sincerely,

WILLIAM F. FRIEDMAN
