Dear Mr. Nyberg:

I am grateful for your sending me so promptly the photographs and negatives of the C-4 and BC-machines. These are exactly what I needed in connection with revising my article in the Encyclopaedia Britannica.

We are all quite well here and I thank you and Mrs. Nyberg for your good wishes, which I reciprocate in full measure. In case the Hagelins are still in Stockholm please convey a special greeting to them from us.

Sincerely,

WILLIAM F. FRIEDMAN
