Mr. Boris C. W. Hagelin  
Sundsvik, Sweden

Dear Boris:

I hasten to write you so that you will have some word from me as soon as possible after your arrival at Sundsvik, since in your last letter, dated 3 June 1954, you said you were most anxious to discuss pending matters with me, and <sup>you</sup> wanted to know whether anything had been decided yet regarding my forthcoming trip to Europe. It was only yesterday that certain decisions were taken, <sup>so</sup> ~~that~~ <sup>only</sup> I am able today to give you some definite information. EO 3.3(h)(2)

I am truly sorry not to be with you to join in your midsummernight's party at Sundsvik on the 28th of this month. I think that would be surely something *experience - my age and lack of agility preclude my participation* to see - even if ~~I couldn't participate~~ in the all-night dancing.

With my most affectionate greetings to Annie and to you, I am,

Sincerely,
