Dr. S. S. Wilks
Department of Mathematics
Box 708, Fine Hall
Princeton University
Princeton, New Jersey

Dear Sam:

This will be a short note to tell you that I talked
with the Director and Vice Director about the subject of
your phone call of 11 January. I am glad to tell you
that you can plan on spending some time (approximately
a week, I think you said) at GCHQ during the latter part
of August to look into their T/A organisation and opera-
tions.

We can write you "invitational orders" which will
not only provide for your transportation by MATS but
also pay your usual per diem.

When you are here next time we can talk this over
in detail and arrange for your entry at GCHQ, etc.

Sincerely,

cc: AG
     C/S
     S/ASST (Mr. Friedman)

WILLIAM F. FRIEDMAN
Special Assistant
and
Executive Secretary,
NSASAB

M/R: In a recent call to Mr. Friedman, Dr. Wilks asked about the
possibility of his visiting GCHQ the latter part of Aug. to look into
their T/A and operations. Mr. Friedman discussed this with the DIR
and V/DIR and it was decided that Dr. Wilks can visit GCHQ at this
Agency's expense. Details of the visit will be planned during Dr.
Wilks' next visit to this Agency.

EBYoung/S/ASST/60493/14 Jan 54

Dr. Wilks is a member of the NSA Scientific Advisory Board and a
member of the Mathematics Panel of the NSASAB.
