Dear Mr. Moss:

I am most appreciative of your efforts to locate a copy of the Johnen book for me but since it has proved to be quite elusive, I don't want you to knock yourself out trying any more -- the book isn't that important to me. Besides, the condensation you did find and send me will be quite useful.

You failed to indicate how much I owe for the condensation. Please let me know, so I can remit. This was a purchase for my personal library and I don't see why anybody other than myself should pay for it.

Thanking you and with best greetings to Mr. Clark, you, and all the people at NSAEUR for 1955, I am,

Sincerely,

WILLIAM F. FRIEDMAN
