Dear Dr. Hlickensdarfer:

Receipt is acknowledged of the data sent me on 11 July 1950.

I have turned the papers over to the Chief of our Civilian Personnel Division and have asked that his people interview you. I hope that you will hear directly from them but also have arranged to be advised as to what the Division does about the matter.

Thank you so much for your kind invitation. I wish these days were not so hectic and that I could take the time to accept it now. But will have to leave that for a later date, unless I do have reason to make a visit to the Library soon. There is that possibility, which I will leave open.

Sincerely yours,

William F. Friedman
