Dear Mr. Friedman:

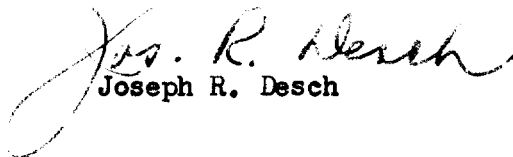

Despite my avowed intention to be present with you May 4 to 7, 1954, I now find that I will be unable to do so because of some very urgent company business which demands my personal attention.

I do intend to be present for the May 21 meeting but to prevent unnecessary work on your part, should I be prevented, request you omit travel orders, etc., since I never use them anyway to collect expenses.

Perhaps John Howard can fill me in on happenings next week so that I will not be too cold for the May 21 meeting.

I am very sorry that I cannot be with you next week.

For future travel, would you please furnish Government TR's from Chester, Pennsylvania, to Washington, D. C., and return. The one I just received routed me from Paoli to Philadelphia to Washington. Although my place of work is Paoli, I usually take the train to Washington from Chester, since it is nearer my home.

Dear Mr. Friedman:

Thank you for your very good letter of March 29. I have, in the meantime, also had a letter from Brigadier Tiltman who has been so kind to send along with it a reprint of the Ventris-Chadwick paper, Journ. of Hellenic Studies (1953). Needless to say, I am very glad indeed about this attention and the paper interests me very much.

Both Mrs. von Neumann and I are looking forward to meeting Mrs. Friedman and you in Washington at the time of the next meeting of the NSF-SAB on April 20-21.

I also had a letter from John C. McPherson concerning the meeting of the Subcommittee on General Purpose Flexible Analytical Equipment May 4-7, 1954. I would like to come to these meetings, or at least for part of them. I am not absolutely certain about my obligations at that time, but I think that it will probably be best if I will learn from you at the time of the April 20-21 meeting what the agenda on May 4-7 is expected to be, and how I can best participate.

I am, with best personal regards,

Sincerely yours,
