

USCIB: 13.7/7

19 March 1954

~~TOP SECRET~~MEMORANDUM FOR THE MEMBERS OF USCIBEC:

Subject: Determination of "Need to Know" and Assignment of Security and Distribution Responsibilities for Organizations not under the Exclusive Cognizance of a Single USCIB Member.

Reference: (a) USCIB 13/351 of 13 July 1953.
(b) USCIB Directive Number 5.

1. A study of reports received in answer to reference (a) above indicates that many persons have been cleared for COMINT while serving in departments and agencies or on boards, committees, councils, etc. not under the exclusive cognizance of any single USCIB member. In many instances the "need to know" of these organizations, as such, has not been certified by proper authority. Furthermore, in most cases, definite responsibility for security and distribution control has not been fixed.

2. Experience has shown that COMINT security is greatly enhanced by singleness of security and distribution responsibility. Many compromises or possible compromises might never have occurred had one single member been responsible for, and had authority to control, these two highly important functions.

3. It is therefore recommended that a determination (or redetermination) of the "need to know" of the organizations listed below be made by the authority indicated in the enclosure hereto and that responsibility and authority for COMINT security and distribution control be assigned as indicated.

4. This item will be placed on the agenda for discussion, deletions and additions as necessary at the next regular meeting of USCIBEC.

RUFUS L. TAYLOR
Captain, U. S. Navy
Executive Secretary, USCIB

Enclosure
a/s.
