MEMORANDUM FOR: Executive Secretary, USCIB

SUBJECT : Clearance for Category III COMINT

1. The Atomic Energy Commission has requested that Miss Gloria Helene Lettre, secretary to the Special Assistant to the General Manager, be granted clearance for access to COMINT. This request has arisen in connection with the delivery of the publications of the IAC Current Intelligence Group on the Formosa Strait Situation to the AEC. This material is required by the Chairman, in his participation in NSC deliberations on this matter, and by his indoctrinated assistants. These indoctrinated assistants are extremely limited in number, and their presence at scheduled delivery times cannot always be relied upon. Consequently, it is necessary that an authorized recipient be available. Miss Lettre will fulfill this function.

2. This is a matter of urgency, and it is requested that the members of USCIB be polled in the most expeditious manner possible for their determination of the need-to-know of Miss Lettre. Should they concur, this Agency will take necessary action in the event that required investigative procedures disclose no derogatory information which would preclude her indoctrination.
