TENTATIVE

SUBJECT NUMBER

USCIB: 29.1/23      Item A (Not on Agenda) for the 102nd Meeting of USCIB, held on 9 April 1954.

Subject:            Approach to French on NATO COMSEC.

MR. ARMSTRONG reported on recent developments in the approach to the French with respect to improvement of NATO COMSEC. He stated that the Ambassadorial approach was made on 24 March 1954. Immediate interest was shown and it was asked if the plan were directed mainly toward France. They were informed in the negative. On 2 April 1954, the French informed the U.S. Deputy Chief of Mission that M. Boegner had been appointed to represent them. On 6 April, M. Boegner, Christian Auboyneau, Diplomatic Counselor attached to the Permanent Secretary General of National Defense, and a communications specialist met with U.S. and U.K. representatives. Agreement with the major objective of the proposal was reached and after first voicing questions as to why the discussions should not be held within the Standing Group the French ultimately agreed to follow the procedure which the U.S. and U.K. had proposed. Later, on 6 April, the French designated Auboyneau and Adrian Guillerme as their representatives for the TSWG phase. Satisfactory progress seemed to have been made at the first meeting of the TSWG representatives on 8 April. It was agreed that technical talks should be held and the French appointed Commander de Corvette Jean Rault as one of their technical delegates. Mr. Armstrong concluded by saying that the next meeting of the TSWG representatives is scheduled for 12 April 1954. (The above is a gist. Mr. Armstrong's full statement will be circulated if any member so desires.)

The members noted the information presented.

The meeting adjourned at 1715.
