Professor S. S. Cairns
 Head, Department of Mathematics
 University of Illinois
 Urbana, Illinois

Dear Stewart:

I owe you written replies to several letters which I have answered by phone. In this letter I shall try to cover all of these.

I am enclosing a copy of a memorandum to Col. Wyman (NSA-16) from Mr. Friedman which the latter wished you to have. I am also enclosing the General's correspondence with the Secretary of Commerce. Please note that the third letter is only a draft.

We have received word that Erwin Kleinfeld is not eligible for clearance and that Andy Gleason, Dick Wick Hall and Marshall Hall have all been cleared for COMINT.

I am proceeding with NSA-16 on the question of Whiteman's clearance. If it appears that he can be cleared for SECRET by 1 July I shall notify Paige to make him an offer and point out to Paige that this is according to a mutual understanding between you and me.

We have agreed to extend Koken's contract for one year. You will receive more formal word over Kullback's signature soon.

Your memorandum on SCAMP has been reproduced and will be distributed according to your wishes. I am enclosing one copy and your original. We are also sending copies to Sinkov and Bob Shaw. I expect to get an up-to-date clearance status report soon on the people mentioned in it. As soon as I do I'll send it to Tommy and Paige along with a list of the people the Agency wishes to send to SCAMP.

I think plans for SCAMP are shaping up very well and feel you, Paige and Tommy deserve all the credit. We have not done much on our planned efforts in programming and pedagogy but expect to start soon.
