~~CONFIDENTIAL - SECURITY INFORMATION~~

Dr. G. B. Tompkins
 National Bureau of Standards
 Institute for Numerical Analysis
 University of California
 405 Hilgard Avenue
 Los Angeles 24, California

Dear Tommy:

At long last my autograph has arrived. How you can expect a flood of letters of which this is the first. However, I won't be able to send you the records since I have to keep them and use them fifty times. Apparently it is easier to get an autograph than it is to get records for one.

I am enclosing a copy of the latest dope on clearances which I just received from Security. Apparently the only thing that Security did was to clear Dick Wick Hall. The mountain labored and brought forth a mouse. However, they feel that anyone who can be cleared through SECURITY will be so cleared by the time SCAMP starts.

Besides the complications in the cases of Randolph Church and W. S. Connor there appears to be one and perhaps two snags. Hoffman cannot be cleared for anything higher than SECURITY. I have told Security to go ahead and try to clear him for SECURITY since this will be adequate for the conference. The same may have to be done for Newman.

I have consulted Mina Rees concerning your letter of 24 March relating to the document called Projects and Publications, etc. We both agree that the form you enclosed is suitable for inclusion in said annual. We did not take up the matter with the Director of the National Bureau of Standards as you suggested since that gentleman is rather hard to locate let alone identify these days.

I assume by now that Magnus Nestenes has brought you up-to-date on the meeting that he and I, Howie, and Mina had here in Washington Saturday. I think we will be able to pull SCAMP off this summer, and I am looking forward to seeing you in California.
