 Springfield, Delaware County  
 Pennsylvania

Dear John:

I learned with some dismay about your applying at the gatehouse for admission to HCS on the morning of 3 April and of your being delayed beyond the time you had available. I wish you had phoned Dr. Campaigne or me just before your appearance at the gatehouse, but you perhaps figured that we had everything "laid on" for SCAG members or maybe you just did not have the opportunity to phone in advance. At any rate, I apologize for the treatment you received and assure you that we are doing all in our power to insure that this will not happen again to any SCAG member. Admiral Wenger joins with me in apologizing to you.

We missed the chance to talk to you, and hope that the next time you have the opportunity to stop in you will do so, even if it is only to say hello.

Sincerely,

WILLIAM F. FRIEDMAN
