In re Personnel Rotation Committee. You have the minute of the first meeting which includes a statement from each Div. Chief of rotatable personnel. I think another meeting should be called at which the job descriptions of the personnel in question should be compared. Also there was a very complete and detailed series of charts prepared for each div., br. and section of ASA, by AS-22 showing personnel grades, + functions. This, although out of date, should also help in the study of the problem. A copy of this would only be released at Col. Bicker's personal direction (according to the Govern).

The order setting up the committee called for a report of recommendations to the Chief ASA.
