

June 14, 1935

Mr. Laurens E. Whittemore,  
American Telephone & Telegraph Company,  
195 Broadway, New York,

Dear Whittemore:

Receipt of your letter of June 10 is acknowledged. I note with some regret that our Intelligence Service was just a little too late with the information regarding the junking of the old printer telegraph cipher machines. We most certainly do not want to put you to any further trouble on this account and we will have to be satisfied with our photographs of this equipment.

Let me thank you again very much for your courtesy.

Very truly yours,

William F. Friedman.
